## **STANLEY FAMILY GATHERS**

ONE HUNDRED MEMBERS HOLD A REUNION AT PLAINFIELD.

Origin May Be Traced Either to William the Silent or William the Conqueror-Interesting History.

Special to the Indianapolis Journal.

PLAINFIELD, Ind., Sept. 24.-The Stanley family reunion was held on the campus of the Friends' Church at this place to-day, with about one hundred in attend-According to the late Stanley Pumphrey, of England, the origin of the Stanley family may be traced to either William the Silent or William the Conqueror. The quiet reserve of some of the members of the family would indicate to the former, while the persistent energy of ethers in overcoming difficulties, etc., would point to the latter.

The known history of the family com-

nences with William, born in 1729, son of James and Katharine Stanley, and Elizabeth Walker, born in 1732, who became the wife of William Stanley. The latter was at one time imprisoned for his peace principles. Abel Stanley, son of William and Elizabeth, was born in Virginia in 1776, the year of the signing of the Declaration of dependence. By the sheltering of "Black Sam," a runaway negro, his smokehouse became one of the first stations on the underground railroad. The negro betrayed his benefactor, which led him to seek a home in what was then the wilderness of Indiana. He was of a deep religious nature, and so careful was he to train up his children in the "nurture and admonition of the Lord" that in the year 1861 none of his then seventy-one living grandchildren had ventured beyond the Society of Friends. He was the father of twelve children, viz: Matthew, Nathan and William Stanley, Phoebe Hale, Anna Osborne, Hannah Carter, Elizabeth Nichols, Rebecca Hadley Jane Dixson, Sarah Dixson, Naomi H. Wil Mary R. White. Wyatt Osborn is dent of the organization and Mrs. Hattle Carey is secretary. During the forenoon there was an interesting programme participated in by Nathan Wilson, of North Dakota, who is preparing a genealogy of the Stanley family; Zenor Doan, Danville, Ind.; Elizabeth Collins, Marshalltown, Ia., and others. Letters were read from Job Osborn, Whittier, Cal., and Cyrus Dixson, of Kansas. A basket dinner was served on the grounds. The afternoon was spent in a social way.

Judge Shiras Reverses Decision in Bucket-Shop Case.

DUBUQUE, Ia., Sept. 24.-Judge Shiras has written an opinion for the United States Court of Appeals in the case of the Christie Grain and Stock Company et al., appellant, vs. the Board of Trade of Chicago, appellee, reversing the decision of the Federal Court of Missouri and remanding the case to that court with instructions to dismiss the bill at complainant's cost.

The Chicago Board of Trade secured an injunction in the lower court against the Christie Company, retraining it from obtaining from the telegraph companies any of the quotations furnished by the Board of Trade, alleging that the quotations were private property and could not be furnished except on contract. The testimony developed that 85 per cent. of the transactions of the board was gambling in margins; that by admission of the board it was shown that it maintained bucket-shops On this evidence the Appellate Court holds that the Board of Trade did not come into court with clean hands, or for a lawful purpose, and clearly it was not the duty of a court of equity to grant any relief prayed by it; that the transactions were in violation of the statute of Illinois and therefore

## BRYANT WILL BE WET.

Saloon Keeper Takes His Case to Court and Wins the Fight. Special to the Indianapolis Journal.

PORTLAND, Ind., Sept. 24.-The little town of Bryant, north of here, becomes wet now, after a four months' dry spell, John Spade, the saloon applicant who appenled to the Circuit Court from the decis, of the County Commissioners, won to-day, the court holding that although the remonstrance contained a majority, there were a sufficient number of names o people who were not legal voters to invalidate the remonstrance. The fight of the Bryant temperance people has been bltter, three other applicants being defeated by remonstrances.

## Camden's Anti-Saloon Troubles.

To the Editor of the Indianapolis Journal: Correspondents from this place and Delphi have represented this little town as in a state of uproar and excitement. The occasion is that the good people of the town and township, getting tired of the growing evils of the open dramshop, by a large majority, defeated two applicants for license. It has been said that the business men of the town were in favor of the saloons and worked hard against the remonstrance. One correspondent declared that several business men have declared their intention to leave the town, and that one butcher had actually sold out on account of the saloons being closed. These and other falsehoods are being published abroad. The facts are that the business men of the town are not, as a class, in favor of saloons. Half the business men of the town signed the remonstrance, and the most of those who did not are not favorable to saloons. The butcher who sold out had signed the re monstrance and denies the statement of the papers concerning the matter. One of the latest correspondents declares that the emperance people now see that they have made matters worse. The clubroom which has been opened in an effort to evade the law is indeed a bad thing, but its evils are slight as compared to those of the saloons. It cannot run long. It is simply an effort to discourage the temperance people their work against the saloons Thus far the work of the saloon gang has been against themselves and as they have failed up to this time so will they, it is likely, in the future. The saloons are gone

to stay, and the "clubroom" will go. At

least that is what the temperance people ANTI-SALOON.

VIGO COUNTY PEOPLE TO SEARCH FOR ALFRED STEWART'S BODY.

Wealthy Colored Man Has Been Missing Since Sept. 3-Think He Was Killed by an Old Enemy.

Special to the Indianapolis Journal. TERRE HAUTE, Sept. 24.-Otter Creek township is to be searched over in the hope of finding the body of Alfred Stewart, a prosperous negro farmer, who disappeared Sept. 3, and who, his neighbors say, was murdered. For two weeks after shortage of 1,000,000 boxes in stock throughhis disappearance there was hope that he out the country and that the present availwould be heard from, but now there is a settled belief that he was murdered. The negro colony in the township has picked out his alleged murderer and is keeping him in surveillance. This suspect was an

enemy of Stewart. The missing man came to Terre Haute Sept. 3 and early in the afternoon sent his teamster home with the wagon, saying he would walk home. That was the last seen of him. He had about \$80 in money, but it is thought he used this in business transactions. The theory is that on his way home he was waylaid and killed and his body either hid in the brush or thrown nto the creek.

Large searching parties are out now daily and on Sunday hundreds of men and boys will make a systematic search, covering an area of several square miles. The creek will be dragged for a mile or more.

The new medical department of Indiana University, under the charge of Dr. B. D Myers, of Johns Hopkins, has started off with exceedingly bright prospects. There are about twenty-five students in college went to the aid of his sister, who was fight- this year who look forward to a medical career, and of these fifteen are upper classmen, and are enrolled regularly in this new bears the resemblance of a real dissecting knives are tracing all the organs of the cat this first week. It is the intention of Dr. Myers to dissect a human body this year. Students are not supposed to begin work in the department of medicine until their junior year. The first two years' work chemistry. Graduates from the department will be received into most of the medical colleges with almost two years' standing. As the work progresses new courses will be introduced.

## WELCOME DR. HUGHES.

De Pauw Undergraduates Formally Meet the New President.

Special to the Indianapolis Journal. GREENCASTLE, Ind., Sept. 24.-De Pauw University's new president, Dr. Edwin Holt Hughes, was greeted with an enthusiastic De Pauw yell and prolonged apthe first chapel exercises of the new college year. The service was opened by the vice president, Dr. H. A. Gobin, who retires from the presidency. He made the usual announcements for the first day and tender references he made to those among last year's students who had suffered from death among their loved ones, and he also mentioned with especial pathos the death of the students who was prominent

Announcement was made of the election ment of rhetoric of Arthur H. Howland. who is a graduate of universities in this country and in Scotland. He will be an assistant to Prof. Brumbaugh, who has extra work in the philosophy department. Dr. Gobin introduced to the very large audience the man who has been so prominently mentioned during the last few months in connection with his election to the presidency of the institution. Gobin said he had an especially warm feeling in his heart for Dr. Hughes, not only because he takes a place in which Dr. Gobin is deeply interested, but also be-cause Dr. Gobin was intimately acquainted with Dr. Hughes's family and knew the material that entered into his makeup. Hughes made a short talk, in which of any kind, but he impressed all who heard him with his earnestness and deep religious sentiment. He appealed to the students to make these college years a period of deepening of character. He said he would lay down a principle for them. that they would get out of the university just what they put into it of their own personality. He said the development of the physical, mental and spiritual being of a nan or woman required constant exercise, that only in this manner could a student become the strong individual necessary for success. In his prayer he asked for especial blessing on the De Pauw trustee who was so sick, alluding to Mr. Bieger, of

ODD FELLOWS CONSIDER A PLAN TO BUILD A GREAT TEMPLE.

Be Voted on To-Day-San Francisco Next Meeting Place-Trip of Patriarchs Militant.

BALTIMORE, Sept. 24 .- To-day the Patriarchs Militant, attending the Sovereign Grand Lodge of Odd Fellows, were given an excursion down Chesapeake bay to Annapolis by the local lodges. At Annapolis the excursionists were shown through

the grounds of the Naval Academy. The Sovereign Grand Lodge continued its closed sessions to-day. At the morning session it was decided to meet next year in San Francisco.

The committee on finance reported favorably on the plan to erect a million-dollar memorial temple in Baltimore, but deemed t inadvisable to connect the name of the Sovereign Grand Lodge with the project. The committee recommends that the enterprise be placed in the hands of Washington Lodge, No. 1, of Baltimore, known as the "mother lodge" of the order, with authority to solicit subscriptions from other jurisdictions. The report of the committee will be voted on to-morrow.

During the afternoon the officers of the Sovereign Grand Lodge and other representatives visted the grave of Thomas Wildey, founder of the order, and placed The following persons were honored with the grand decoration of chivalry to-night by the Sovereign Grand Lodge: Edward

STONISHING CONDITION OF CITY AF-FAIRS AT ST. JOSEPH, MICH.

Vouchers Missing for Sums Aggregating \$22,856-Every Department of Financial Office Affected.

ST. JOSEPH, Mich., Sept. 24.-The report of the expert accountants who have been the direction of Mayor John V. Starr has astonished the citizens of this city. The

period under investigation is from Jan. 1 1901, to March 31 last. The report alleges that hundreds of receipts or vouchers for warrants issued by the city are missing, the total amoun to \$22,856. Paid vouchers for nearly \$1,500 show no approval by the Council, and there is no record for contracts for street work aggregating thousands of dollars. Neither is there verification of saloon licenses nor of fees collected. Hundreds of license stubs are missing, as also are 1,000 water stubs. Warrants paid by the city treasurer that do not bear the indorsement of the mayor exceed \$2,000, and there appears to be no record of special assessments.

The books of the treasurer show no remittances for several months, while dis-

bursements for loan and interest on the city debt have been made without the au-

thority of the Council.

From an Awful Skin Humor. Scratched till Blood Ran.

## Wasted to Skeleton. **CURED BY CUTICURA**

"When my little boy was about three months old his head broke out with a rash, which was very itchy and ran considerable watery fluid. We tried everything we could, but he got worse all the time till it spread to his arms, legs. and then to his entire body, and he got so bad that he came near dying. The rash would itch so that he would scratch till the blood ran, and a thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to keep him from tearing his skin around his wrists He got so weak and run down that he took fainting spells like we would think him dving. He was almost a skeleton and

his little hands were thin like claws. "He was bad about eight months when we tried Cuticura Remedies. I had not laid him down in his cradle in the daytime for a long time. He had got so that he just slept in our arms all the time. I washed him with Cuticura Soap and put on one application of Cuticura and he was so soothed that I put him in the cradle. You don't know now glad I felt when be felt better. It took one box of Cuticura Ointment, pretty near one cake of Cuticura Boap, and about half a bottle of Cuticura Resolvent to cure. I think our little boy would have died only for the Cuticura Remedies, and I shall always remain a firm friend of them."

# NO RETURN IN 14 YEARS.

Mrs. Maitland Writes, Feb. 24, 1903, That Cure Has Been Permanent.

"It affords me much pleasure to inform you that it is fourteen years since my boy was cured of the terrible skin disease from which he suffered. He has been permanently cared and is hearty and strong. I would highly recommend it to all others and I never let my house be without the Cuticura Soap and Ointment."
